AIMS AND SCOPE

Journal of Science and Technology in Civil Engineering (JSTCE) is an international, peer-reviewed journal dedicated to advancing knowledge and innovation in civil and construction engineering. Published quarterly in English by Hanoi University of Civil Engineering (HUCE) (p-ISSN 1859-2996 | e-ISSN 2734-9268), the journal serves as a platform for disseminating high-quality research and practical applications in civil engineering and related fields. JSTCE welcomes original research articles and reviews that address contemporary challenges and emerging trends in science, technology and sustainable development of the construction industry. The journal particularly encourages interdisciplinary and innovative contributions with strong theoretical foundations and real-world implications. The journal covers a wide spectrum of topics, including but not limited to: structural, building and industrial engineering; bridge, road and transportation engineering; coastal, offshore and hydraulic engineering; advanced construction materials and mechanical engineering; architecture, urban design and planning; construction economics, management and project delivery; environmental engineering and sustainability; digital technologies in construction (e.g., BIM, AI, simulation and computer science applications).

JOURNAL RECOGNITION AND SUBMISSION

Since 2019, JSTCE has been recognized as a prestigious national journal by the National Science and Technology Development (NAFOSTED). All submissions undergo a rigorous double-blind peer-review process by at least two independent experts. Manuscript submission, peer review and publication are managed through the journal's online system: https://stce.huce.edu.vn/index.php/en.

EDITOR-IN-CHIEF
Dinh Van Thuat
Hanoi University of Civil Engineering, Vietnam

MANAGING EDITOR
Do Thanh Cong
Hanoi University of Civil Engineering, Vietnam

ADVISORY EDITORS
John van de Lindt
Colorado State University, USA
Antonio Nanni
University of Miami, USA

EDITORIAL BOARD MEMBERS
